

FIRE SAFETY

Please familiarise yourself with the Hall Escape Route plan shown below.

Please familiarise yourself with the emergency fire procedures for the building, which are displayed in the entrance hall and adjacent to each fire alarm call point.

Please remember that the fire alarm is for internal use only; if activated it will only ring the internal fire bells, and will **NOT** inform the emergency services.

In the event of the fire alarm sounding:

The person in charge of the group [Responsible Person] should oversee the evacuation of the whole building and assemble outside the hall in the car park area.

CALL 999 and ask for the Fire Service.
